

Aultman College of Nursing and Health Sciences

LEARNING RESOURCE CENTER

"Must See" Web Links and Online Resources for Academic Success!

Learning Style Assessments

<http://www.vark-learn.com>

VARK is a questionnaire that provides users with a profile of their learning preferences. These preferences are about the ways that they want to take in and give out information. The questionnaire alerts people to the variety of different approaches to learning. It supports those who have been having difficulties with their learning and has particular applications in sport, training and education. After you take the VARK, you should explore the website for information about how to support your learning style; you may also make an appointment in the LRC for a consultation that will help answer your questions about your VARK results.

<http://frank.mtsu.edu/~studskl/hd/learn.html>

This website features some really interesting information on hemispheric dominance in the brain! There is an assessment that will reveal whether you are right or left hemisphere dominant. This is VERY COOL!

<http://people.usd.edu/~bwjames/tut/learning-style/>

An assessment to determine and understand your learning style.

Academic Strategy Links

http://passnclex.drexel.edu/study_resources.aspx

Study Tips for the NCLEX from Drexel University's College of Nursing

<http://counseling.uchicago.edu/services/asap/>

The University of Chicago's Academic Skills Assessment site offers excellent tools for exploring your knowledge and skill in time management, concentration and memory, note taking, test taking, and reading. The "other resources" link takes you to even more information about skill development posted by other colleges and universities. Be sure to explore this link and let us know if you find a tool that is particularly useful to you!

<http://www.learnatest.com/LEL/index.cfm/>

Whatever your goal, LearningExpress Library's resources will help you succeed. Each of our Learning Centers offers the practice tests, exercises, skill-building courses, and information you need to achieve the results you want—at school, at work, or in life. Looking to land a job? You'll find an entire Learning Center dedicated to helping you get the one that's right for you. This service is sponsored by NEOUCOM.

<http://www.findlay.edu/offices/adminoffices/academicsupportcenter/studyskills/default.htm>

The University of Findlay offers an excellent series of tips on study skills. Click this link to get to information about concentration, note taking, concentration, test taking, and more. Click on web links to get to even more information to help you be successful in the classroom!

http://www2.muc.edu/Academics/academic_support_center/academic_strategies.aspx
Mt. Union College offers several excellent academic strategy links.

<http://www.studygs.net/index.htm>

Study Guides and Strategies is a free website with excellent resources on topics such as Learning with Others, Thinking, Problem Solving, Time Management, and many other relevant topics.

http://www.mindtools.com/pages/main/newMN_ISS.htm

Mind Tools: Essential skills for an excellent career. Stop at this website to find some great articles on leadership, information and study skills, project management, practical creativity, memory improvement, and others.

Writing Skills, Library, and Research Resources

<http://owl.english.purdue.edu/owl/>

The famous Purdue online writing center is a wealth of information on all aspects of writing, including research and APA style.

<http://dept.kent.edu/english/WritingCentersHub/starkowl.htm>

The Kent State Stark Campus online writing center has some helpful information you can access.

<http://www.yale.edu/bass/writing/sources/kinds/internet/special.html>

Yale University offers this information about using internet resources in research.

<http://portal.aultmancollege.org/estudent/docs/AultmanHealthSciencesLibrary.pdf>

This link takes you through the Aultman College student portal to a document that provides a number of library and research links and resources.

Anatomy and Physiology, Science, and Medical Resources

<http://msjensen.cehd.umn.edu/>

CHECK THIS OUT! Murray Jensen's A&P Learning Modules are excellent resources. It includes a section on Medical Terminology and various practice exams. This web page is from the University of Minnesota.

Chemistry Resources

<http://portal.aultmancollege.org/estudent/docs/ChemistryResources.pdf>

Chemistry Molecule Kits

Available as a reference loan (cannot be taken home) molecule kits used in chemistry classes taught at Walsh University can be borrowed from the Aultman Health Sciences Library or the Sharon Lane Center (first floor of hospital across from information desk). See your class syllabus for purchasing information.

For questions regarding borrowing a molecule kit, contact either the Health Sciences Library (330) 363-5000 or the Aultman College LRC.

Math and Dosage Calculations
