

HEALTH SCIENCES

ASSOCIATE OF SCIENCE

About the Program

The associate of science in health sciences (ASHS) program at Aultman College is designed for students who are exploring career options in the health care industry, as well as those who are already employed but need a degree to advance.

After completing the ASHS program, students are prepared to begin their career immediately following graduation or they may choose to pursue a bachelor's degree in a health care field.

Admission Requirements

To be considered for admission, graduating high school students must have a minimum 3.0 high school GPA (or 660 GED) and meet one of the following testing requirements: ACT 20, SAT 1030, or qualifying ACCUPLACER Next Gen scores. Transfer students must have at least 6 completed college credit hours and a minimum 2.5 GPA based on their most recent college transcript.

Application Process

The Health Sciences Program admits students in fall and spring semesters. Interested students will need to submit a completed application online at aultmancollege.edu and submit official high school and college transcripts. For information on application deadlines, please visit aultmancollege.edu/apply-now.

Foundational Education Courses
