Annual 2016 Campus Security Report

INTRODUCTION

Aultman College prepares this report in cooperation with the Aultman Hospital security department to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. It is written by the college Compliance/Title IX Director and includes statistics of the previous three years' reported crimes that occurred on campus and on public property within or immediately adjacent to and accessible from the college campus. Statistics are compiled from logs maintained by the Aultman Security force as well as information provided by the Canton City Police Department. This report includes institutional policies concerning campus security and other matters. An e-mail notification is sent annually to all enrolled students and employees providing a link for electronic access to this report. It also is available to all applicants for enrollment or employment, as required by the United States Department of Education, electronically on the college website www.aultmancollege.edu. Print copies are available by contacting the college main office (330.363.6347) or the Compliance/Title IX Director (330.363.4227)

SECURITY ON CAMPUS

The college is a subsidiary corporation of Aultman Hospital and is located on the hospital campus where the Aultman Safety and Security Office provides services for the college. Aultman Security Department jurisdiction and policies apply to the entire hospital/college campus. The college has no campus residential facilities and has no off-campus locations of student organizations officially recognized by the college.

Safety and security on campus are of paramount importance. Aultman Security seeks to provide a safe campus environment and regularly patrols the campus area. Although the college does not have a history of serious crimes, no campus is immune. The complete cooperation and commitment of students and employees is necessary to maintain a truly safe environment. Students and employees must also assume responsibility for their own safety and for the security of their personal belongings.

Aultman security officers have the authority to ask persons for identification and to determine whether individuals have lawful business at the college. The officers have the authority to issue parking citations but do not have arrest power. They maintain a professional working relationship with and refer criminal incidents to the Canton City Police Department (CCPD), which has jurisdiction on the campus. The college does not have a written memorandum of understanding (MOU) with CCPD for the investigation of crimes occurring on campus. All crime victims and witnesses are strongly encouraged to immediately report a crime to Aultman Security, any college faculty or staff member, and/or Canton City Police. Prompt reporting will assure timely warning notices on campus and timely disclosure of crime statistics.

SECURITY OF AND ACCESS TO CAMPUS FACILITIES

The college is a private, independent institution of higher education and is considered private property. To protect students and employees, photo identification badges are issued to provide access to appropriate areas. Persons who do not have legitimate business on campus may be considered trespassers and will be asked to leave. During business hours, the college is open to students, parents, employees, hospital personnel, contractors, guests, and invitees.

Security considerations relative to campus facilities include but are not limited to locked/badge access entry, indoor and outdoor security camera surveillance, vehicle and foot patrol of parking lots and other campus areas, parking lot escort services, emergency paging and alarm systems, student orientation sessions on emergency and safety procedures, and third-party contractor identification process.

Aultman Security can and does respond to student-related incidents that occur on campus, and it also has direct communication with Canton City police, fire, and ambulance services to facilitate rapid response in any emergency situation.

SECURITY CONSIDERATIONS IN MAINTENANCE OF CAMPUS FACILITIES

Security also is a consideration in maintaining campus facilities. For example, personnel regularly check to ensure pathways are well lighted and that egress lighting is working in hallways and stairwells. They also check to ensure door locks are functional and that landscaping does not affect pathways or otherwise create risks for those passing by to be suddenly attacked.

SECURITY AND AWARENESS PROGRAMS

Students and employees receive information about the college's campus security practices and procedures and information that encourages them to be responsible for their own security and the security of others. Programs offered include a lunch and learn by the Domestic Violence Project in October 2015; a self-defense course taught by Women's Personal Protection in November 2015; Sexual Assault Prevention lunch and learn presented by a SANE nurse in April 2016; and Bringing in the Bystander training in September 2016.

The Student Life Coordinator organizes periodic programs on campus that deal with the prevention of crimes and student safety, and Aultman provides similar updates for employees. Program schedules are communicated to students via the Wiseline student portal announcements, individual student email, weekly student email blasts, and bulletin boards located in common areas on campus. Communications to employees are made via the college-wide email system or the Aultman intranet. In 2016-17, specific crime prevention programming will continue to include self-defense classes in which participants will learn techniques that support them in taking responsibility for their own safety.

INFORMATION ABOUT REGISTERED SEX OFFENDERS

The Stark County Sheriff's office sends monthly update cards of registered sex offenders to the college. This file is maintained by the college main office and is available to students, faculty, and staff. For an electronic listing of registered sex offenders in Stark County, refer to the Stark County Sheriff's web site at <http://www.homefacts.com/offenders/Ohio/Stark-County.html>. This web site provides addresses and classification of registered sex offenders. For a listing of registered sex offenders in any Ohio county, refer to the Ohio Department of Rehabilitation and Correction's Offender Search website at <http://www.drc.state.oh.us/OffenderSearch/Search.aspx>. The Aultman Hospital Security department may also assist with how to obtain sexual offender information. Please contact the **Security department's non-emergency number, 330.363.6968**, for assistance.

GENERAL SAFETY PRECAUTIONS

A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own safety and the safety of others. To enhance personal safety, Aultman Security officers are available to escort students to and from their vehicles parked on the Aultman campus. Students and employees are encouraged to use this service at any time, especially after dark.

Members of the college community are encouraged to assume responsibility for their own personal safety and the security of personal belongings by taking the following simple, common sense precautions:

- Although the campus is well lighted, do not walk alone in the campus area after dark.
- Keep purses/billfolds and other valuables with you or stored in a campus locker, locked office, or desk.
- Do not provide personal identifying information over the phone.
- Report any potential fire hazards or broken equipment to the Aultman Help Desk at 330-363-6238 or the college main office at 330-363-6347.
- Report any unusual circumstances to Aultman Security (330-363-6268), any college faculty or staff member, or the college front desk (330-363-6347).

REPORTING CRIMINAL OFFENSES

In the event of any emergency, **dial 911**. To report a criminal offense, call **Aultman Security at 330-363-6268** or use any of the security phones that are located on the Aultman campus. In addition, emergencies and crimes may be reported to other **Campus Security Authorities (CSA)** as follows:

AULTMAN COLLEGE PERSONNEL			
Leggett	VI	VP Community Engagement	330.363.6183
Loretto	Jenn	Student Affairs Coordinator	330.363.1186
Mendenhall	Monica	Campus Coordinator	330.316.6596
Sabino	Lyn	Director Title IX	330.363.4227
Shambaugh	Jeannine	VP Business & Student Affairs	330.363.5420

AULTMAN HOSPITAL SAFETY PERSONNEL			
Swearingen	Brian	Director Safety Services	330.363.4293
Holdsworth	Dan	Safety Specialist	330.363.4497
Pritt	Todd	Safety Specialist	330.363.4436
Indorf	Ryan	Safety Specialist	330.363.4445

Making these reports will ensure timely warnings can be issued to the rest of the college community should that be necessary and will also ensure that the report on crime statistics is complete and accurate. Any suspicious activity or person seen on or near the Aultman campus also should be reported to Aultman Security or a CSA.

The college encourages anyone who is the victim or witness to any crime to promptly report the incident to Aultman Security or to one of the campus security authorities identified above. Aultman Security will investigate all reports and report violations of the law to Canton City Police. Alternatively, students and employees may report the crime directly to Canton City Police.

Campus Security will protect the confidentiality of victims. Only those with a need to know the identity for purposes of investigating the crime, assisting the victim, or disciplining the perpetrator will know the victim's identity. Moreover, the college will withhold the identity of victims in publicly available records, to the extent permitted by law.

Any victim of a crime who does not want to pursue action within the college disciplinary system or the criminal justice system is nevertheless encouraged to make a confidential report to a campus security authority. With the victim's permission, a report of the details of the incident can be filed without revealing the victim's identity. Such a confidential report complies with the victim's wishes, but still helps the college take appropriate steps to ensure the future safety of the victim and others. With such information, the college can keep an accurate record of the number of incidents involving students, determine where a pattern of crime may be developing and alert the community as to any potential danger. These confidential reports are counted and disclosed in the annual crime statistics for the college.

The college encourages confidential resources, if and when they deem it appropriate, to inform the persons they are counseling to report crimes on a voluntary, confidential basis for inclusion in the annual report of crime statistics. The college does not employ pastoral or professional counselors. Pastoral counselors employed by Aultman Hospital serve college students, faculty, and staff as confidential resources.

Additionally, upon written request, the college will disclose to the alleged victim of a crime of violence (as that term is defined in Section 16 of Title 18, United States Code), or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by this institution against a student who is the alleged perpetrator of such a crime or offense. If the alleged victim is deceased as a result of such a crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

The previous paragraph does not apply to victims of dating violence, domestic violence, sexual assault, or stalking because under the Violence Against Women Act both the accused and the accuser in these cases are given the results without the need to make a written request.

TIMELY WARNING ALERTS

In the event of criminal activity occurring either on campus or off campus that in the judgment of the Campus Coordinator constitutes a serious or continuing threat to members of the campus community, a campus-wide "timely warning" will be issued. Examples would be a rash of motor vehicle thefts or sexual assaults in the area that merit a warning because they present a continuing threat to the campus community. Anyone with information warranting a timely warning should immediately report the circumstances to the Campus Coordinator at 330.316.6596 or Aultman Hospital Security at 330.363.6968. The college and the hospital security department have communicated with local police requesting their cooperation in informing the college about situations reported to them that may warrant a timely warning.

The college utilizes an Internet-based mass communication/timely warning system to notify all students, faculty, and staff of emergency situations and school closings. This includes mass e-mails and text messages. In the event of an emergency situation or school closing, an official timely warning message is sent by the Campus Coordinator to all communication devices students, faculty, and staff have registered with the college. Students and employees are asked to register their mobile phones with the

college to ensure receipt of any timely warning, and they are responsible for keeping all of their contact information current with the college. Phone number and contact information and any subsequent changes should be communicated through the Change of Information form, available in the college main office. Employees must report changes in their contact information to Human Resources. Updates to the warnings will be provided as appropriate.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES

The college has emergency management procedures designed to ensure a timely and effective response when a significant emergency or dangerous situation occurs on campus posing an immediate threat to the health or safety of members of the campus community. Such situations include, but are not limited to: tornadoes, bomb threats, chemical spills, disease outbreaks, fires, active shooters, etc. The college has communicated with local police requesting their cooperation in informing the college about situations reported to them that may warrant an emergency response. Students, staff, and visitors are encouraged to notify the Campus Coordinator of any situation that poses such a threat.

The Campus Coordinator will access available sources of information from campus administrative staff and local authorities to confirm the existence of the danger and will be responsible for initiating the college's response and marshaling the appropriate local emergency response authorities for assistance. Depending on the nature of the emergency, other college departments may be involved in the confirmation process.

Once the emergency is confirmed and based on its nature, the Campus Coordinator will consult with other appropriate college officials to determine the appropriate segment or segments of the college community to be notified. The Campus Coordinator, in collaboration with other appropriate personnel, will determine who should be notified, and will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. Depending on the segments of the campus the notification will target, the content of the notification may differ. When appropriate, the content of the notification will be determined in consultation with local authorities. Also as appropriate, the notification will give guidance as to whether its recipients should shelter in place or evacuate their location.

The Campus Coordinator will direct the issuance of emergency notifications, which will be accomplished using one or more of the following means, depending on the nature of the threat and the segment of the campus community being threatened:

- Mass electronic alerts to all student and employee emails, phones, and pagers. These notifications contain information about the event and instructions for personal safety. As previously noted, students and employees are asked to register their mobile devices with the college and to keep that information updated.

When the college sends a mass notification alert, Aultman Security is simultaneously notified; they in turn contact local law enforcement and engage appropriate personnel to handle communications with the community beyond the college campus.

The college tests its emergency response and evacuation procedures at least once a year. Also, at various times the college's Safety Task Force will meet to train and test and evaluate the college's emergency response plan. The Campus Coordinator maintains a record of these tests and training

exercises, including a description of them, the dates and times they were held and an indication of whether they were announced or unannounced. In connection with at least one such test, the college will distribute to its students and employees information to remind them of the college's emergency response and evacuation procedures.

ALCOHOL AND DRUG POLICY PROGRAMS

The college has adopted the following substance abuse policy for the purposes outlined below:

- To establish and maintain a safe, healthy learning environment for students/employees
- To provide a safe, healthy environment for clients while providing care
- To preserve the reputation of the college and its employees within the community at large and within the health care community

Underage drinking is prohibited and considered a violation of college policy. The college may allow alcohol on campus for persons of legal drinking age under limited circumstances such as fundraising events. The college opposes substance abuse; it will enforce its rules regarding alcohol and illegal drugs and cooperate with authorities at the local, state, and federal levels on enforcement of laws dealing with alcohol (including those dealing with underage drinking) and illegal drugs. Furthermore, the college will not protect a student or employee who violates the law from prosecution under federal, state, or local law; neither students nor employees are immune from legal investigation or arrest by civil authorities.

The following rules represent college policy on substance abuse.

- All students are prohibited from attending class, labs, clinicals, or any college related activities under the influence of alcohol or illegal drugs.
- All employees are prohibited from working under the influence of alcohol or illegal drugs.
- The manufacture, sale, possession, distribution or use of illegal drugs on Aultman property or while engaged in official college business and/or educational activities is strictly prohibited and cause for dismissal.
- For purposes of this policy, "illegal drug" includes any prescription drug for which the individual does not have a valid prescription. Only the person for whom a prescription drug is issued can bring the medication on Aultman property in its original container. The student/employee must use the prescription drug only in the manner, combination, and quantity prescribed.

The college requires a student to submit to blood, breath, or urine testing for drugs and/or alcohol for reasonable cause. Refusal to submit to testing for reasonable cause is grounds for dismissal. The college Substance Abuse Prevention Program outlines information for referral resources for counseling and/or treatment; specific local, state, and federal laws governing unlawful possession and distribution of illicit drugs and alcohol and the penalties for violating them; and health risks associated with the use and abuse of alcohol and/or illicit drugs. This information is available from the Aultman Hospital's Health Services office, the college health services nurse, the college Financial Aid Office, the college website at <http://www.aultmancollege.edu> and the WiseLine student portal.

SEX DISCRIMINATION AND SEXUAL HARASSMENT

Aultman College is committed to providing an environment that respects the dignity of every individual by valuing student talents and perspectives, and to maintaining a safe, supportive environment for students, faculty, staff, and visitors. The college expects all members of its community and guests to act responsibly, showing respect for others and for the community at large. The college does not discriminate in any aspect of its educational program on the basis of sex and is prohibited from doing so by Title IX. For specifics in regards to this policy, refer to the college's Title IX Policy which is available on the college website at <http://www.aultmancollege.edu/> and/or in the college catalog, also available online at <http://www.aultmancollege.edu/publications>.

POLICIES, PROCEDURES AND PROGRAMS RELATED TO SEXUAL ASSAULT, DOMESTIC VIOLENCE, DATING VIOLENCE AND STALKING

The college prohibits acts of domestic violence, dating violence, sexual violence and stalking. The college also prohibits any retaliation, intimidation, threats, coercion or any other discrimination against any individuals exercising their rights or responsibilities pursuant to this policy or pursuant to the Clery Act. The following discusses the college's educational programs to promote the awareness of domestic violence, dating violence, sexual assault and stalking; provides information concerning procedures students and employees should follow and of services available in the event they do become a victim, and advises students and employees of the disciplinary procedures that will be followed after an allegation that one of these offenses has occurred.

Primary Prevention and Awareness Program

The college conducts a Primary Prevention and Awareness Program (PPAP) for all incoming and new employees. In it they are specifically advised that the college prohibits the offenses of domestic violence, dating violence, sexual assault and stalking. In that regard, they are informed of the following definitions that apply under Ohio law:

Domestic violence (Section 2919.25)

(1) "Domestic violence" means the occurrence of one or more of the following acts against a family or household member:

2903.211 Menacing by stalking.

(A)(1) No person by engaging in a pattern of conduct shall knowingly cause another person to believe that the offender will cause physical harm to the other person or cause mental distress to the other person. In addition to any other basis for the other person's belief that the offender will cause physical harm to the other person or the other person's mental distress, the other person's belief or mental distress may be based on words or conduct of the offender that are directed at or identify a corporation, association, or other organization that employs the other person or to which the other person belongs.

(2) No person, through the use of any electronic method of remotely transferring information, including, but not limited to, any computer, computer network, computer program, or computer system, shall post a message with purpose to urge or incite another to commit a violation of division (A)(1) of this section.

Sexual Assault: The institution has determined, based on good-faith research, that Ohio law does not define the term sexual assault.

For purposes of the Clery Act, the term "sexual assault" includes the offenses of rape, fondling, incest, and statutory rape. These definitions under Ohio law are as follows:

- Rape (Ohio Revised Code §2907.02 (A)):

administering any drug, intoxicant, or controlled substance to the other person surreptitiously or by force, threat of force, or deception.

b) The other person is less than thirteen years of age, whether or not the offender knows the age of the other person.

c) The other person's ability to resist or consent is substantially impaired because of a mental or physical condition or because of advanced age, and the offender knows or has reasonable cause to believe that the other person's ability to resist or consent is substantially impaired because of a mental or physical condition or because of advanced age.

2) No person shall engage in sexual conduct with another when the offender purposely compels the other person to submit by force or threat of force.

- Fondling: The institution has determined, based on good-faith research, that Ohio law does not define the term fondling.
- Incest: The institution has determined, based on good-faith research, that Ohio law does not define the term incest.
- Statutory Rape: The institution has determined, based on good-faith research, that Ohio law does not define the term statutory rape.

Other crimes under Ohio law that may be classified as a "sexual assault" include the following:

- Sexual Battery (Ohio Revised Code § 2907.03(A)): No person shall engage in sexual conduct with another, not the spouse of the offender, when any of the following apply:

Consent (as it relates to sexual activity) (Ohio Revised Code § 5924.120(A)(3): "Consent" means words or overt acts indicating a freely given agreement to the sexual conduct at issue by a competent person.

In addition to the definition of consent under Ohio law, the college's Title IX policy also defines consent in section III.C. This definition is used for the purpose of determining whether a violation of the policy has occurred:

III.C. Consent

Lack of consent is a critical factor in determining whether sexual violence has occurred. Consent is informed, freely given, and mutually understood. Consent requires an affirmative act or statement by each participant. Consent is not passive.

- If coercion, intimidation, threats, and/or physical force are used, there is no consent.
- If a person is mentally or physically incapacitated or impaired by alcohol or drugs such that the person cannot understand the fact, nature, or extent of the sexual situation, there is no consent.
 - Warning signs of when a person may be incapacitated due to drug and/or alcohol use include: slurred speech, falling down, passing out, and vomiting.
- If a person is asleep or unconscious, there is no consent.
- Consent to one form of sexual activity does not imply consent to other forms of sexual activity.
- Consent can be withdrawn. A person who initially consents to sexual activity is deemed not to have consented to any sexual activity that occurs after he or she withdraws consent.
- Effective consent may not exist when there is a disparity in power between the parties (e.g., faculty/student, supervisor/employee).

The PPAP also informs incoming students and new employees that the majority of sexual offenses that occur on campus communities are committed by people known by their victims. Often, these types of assaults are not reported to police or campus authorities because people do not think this unwanted sexual contact constitutes sexual assault since they know the assailant. These assailants, however, are able to continue to exploit people by manipulating that trust. Reporting these incidents will significantly decrease the likelihood that the perpetrator can subject another person to this type of victimization.

The PPAP includes instruction on how to avoid becoming a victim and the warning signs of abusive behavior, the recognition of which will help mitigate the likelihood of perpetration, victimization or bystander inaction. Specifically they are advised:

- If you find yourself in an uncomfortable sexual situation, these suggestions may help you reduce your risk:
 - Make your limits known before going too far.
 - You can withdraw consent to sexual activity at any time. Do not be afraid to tell a sexual aggressor “NO” clearly and loudly.
 - Try to remove yourself from the physical presence of a sexual aggressor. Be direct as possible about wanting to leave the environment.
 - Grab someone nearby and ask them for help.
 - Be responsible about your alcohol and/or drug use. Alcohol and drugs can lower your sexual inhibitions and may make you vulnerable to someone who views an intoxicated/high person as a sexual opportunity.
 - Attend large parties with friends you trust. Watch out for your friends and ask that they watch out for you.
 - Be aware of someone trying to slip you an incapacitating “rape drug” like Rohypnol or GHB.

- If you find yourself in the position of being the initiator of sexual behavior, these suggestions may help you to reduce your risk of being accused of sexual assault or another sexual crime:
 - Remember that you owe sexual respect to the other person.
 - Don't make assumptions about the other person's consent or about how far they are willing to go.
 - Remember that consent to one form of sexual activity does not necessarily imply consent to another form of sexual behavior.
 - If your partner expresses a withdrawal of consent, stop immediately.
 - Clearly communicate your sexual intentions so that the other person has a chance to clearly tell you their intentions.
 - Consider "mixed messages" a clear sign that the other person is uncomfortable with the situation and may not be ready to progress sexually.
 - Don't take advantage of someone who is really drunk or on drugs, even if they knowingly and intentionally put themselves in that state. Further, don't be afraid to step in if you see someone else trying to take advantage of a nearly incapacitated person.
 - Be aware of the signs of incapacitation, such as slurred speech, bloodshot eyes, vomiting, unusual behavior, passing out, staggering, etc.

- It is also important to be aware of the warning signs of an abusive person. Some examples include:
 - Past abuse
 - Threats of violence or abuse
 - Breaking objects
 - Using force during an argument
 - Jealousy
 - Controlling behavior
 - Quick involvement
 - Unrealistic expectations
 - Isolation
 - Blames others for problems
 - Hypersensitivity
 - Cruelty to animals or children
 - "Playful" use of force during sex
 - Jekyll-and-Hyde personality

PPAP instruction also includes encouraging individuals to take safe and positive steps to prevent harm or intervene when there is a risk of domestic violence, dating violence, sexual assault or stalking against another person. This includes reporting such incidents to appropriate authorities. Other steps that can be taken include:

- Look out for those around you.
- Realize that it is important to intervene to help others.
- Treat everyone respectfully. Do not be hostile or antagonist.
- Be confident when intervening.
- Recruit help from others if necessary.
- Be honest and direct.
- Keep yourself safe.
- If things get out of hand, don't hesitate to contact the police.

The college's PPAP program also provides information on possible sanctions and protective measures that may be imposed following a determination that an offense of domestic violence, dating violence, sexual assault, or stalking has occurred, an explanation of the disciplinary procedures that will be followed when one of these offenses is alleged, the rights of the parties in that proceeding, available resources, etc. Some of this information is set forth in the forthcoming sections of this report.

The PPAP is carried out by face-to-face presentations, on-line presentations, distribution of written material, and periodic e-mail blasts.

Ongoing Prevention and Awareness Campaign

The college also conducts an Ongoing Prevention and Awareness Campaign (OPAC) aimed at all students and employees. This campaign covers the same material as provided in the PPAP, but is aimed at increasing the understanding of students and employees on these topics and improving their skills for addressing the offenses of domestic violence, dating violence, sexual assault, and stalking.

The OPAC is carried out through essentially the same means as the PPAP, using a range of strategies with a variety of audiences throughout the college.

Procedures to Follow if You are a Victim of a Sex Offense:

If you are a victim of a sexual assault, domestic violence, dating violence, or stalking, go to a safe place and call 911 or Aultman Security at 330.363.6777. At the earliest opportunity, you should also contact the college's Title IX Coordinator, Lyn Sabino, at 330.363.4227 (office) or 330.705.2819 (cell). Victims will be notified in writing of the procedures to follow, including:

1. To whom and how the alleged offense should be reported (see section on "Reporting Criminal Offenses" above, and "Resources and Services Available to Victims of Sex Offenses" below).
2. The importance of preserving evidence that may be necessary to prove the offense in a criminal proceeding or disciplinary action or to obtain a protective order. Victims will be provided information on where a forensic examination can be obtained. A forensic exam can be performed at any hospital Emergency Room or by calling the National Sexual Assault Hotline at 800-656-HOPE (4673), which will connect victims with a local sexual assault service provider and direct them to local healthcare facilities for free/low cost forensic exams and other appropriate care.

Getting a forensic examination does not require someone to file a police report, but such an examination will help preserve evidence in case the victim decides at a later date to file a police report. Victims should also follow these guidelines:

- Do not remove clothing items worn during or following an assault, as they frequently contain valuable fiber, hair, and fluid evidence.
- Don't bathe or wash, or otherwise clean the environment in which the assault occurred.
- Options for pressing charges can be deferred, if you will go to the local hospital emergency room and ask for an exam and for evidence of the sexual assault to be collected and sealed.

Victims of stalking should also preserve evidence of the crime to the extent possible, such as any texts or e-mails received.

3. The victim's options regarding notification to law enforcement, which are:
 - The option to notify either on-campus or local police;
 - The option to be assisted by campus security authorities in notifying law enforcement if the victim so chooses; and
 - The option to decline to notify such individuals.

It is mandatory that the college comply with the victim's request in this regard.

Local Police: Canton Police Department, 330.489.3100, 218 Cleveland Ave. SW, Canton, OH 44702.

- To make a police report, a victim should contact the local police agency listed above either by phone or in-person. The victim should provide as much information as possible, including name, address, and when the incident occurred, where it occurred, and what occurred, to the best of the victim's ability.
4. Where applicable, the rights of victims and the college's responsibilities regarding orders of protection, no-contact orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court.
 - In Ohio, there are different kinds of protection orders available to victims, including Domestic Violence Civil Protection Orders (DVCPO), Civil Stalking Protection Orders (CSPO), and Sexually Oriented Offense Protection Orders (SOOPO). Courts can issue ex parte (temporary) orders and orders for longer lengths of time. Ex parte orders are typically put in place until a hearing before a judge occurs. A victim should be prepared to present documentation and/or other forms of evidence when filing for an order of protection. When a protection order is granted, they are enforceable statewide. If you have obtained an order and need it to be enforced in this area, you should contact the Canton Police Department.
 - DVCPOs can be obtained from the Domestic Relations Division of the Stark County Family Court: 110 Central Plaza South, Suite 601, Canton, OH 44702. The phone number is 330-451-7415. More information is available here: <http://www.starkcountyohio.gov/family-court>.
 - CSPOs and SOOPOs can be obtained at the Stark County Court of Common Pleas: 101 West Tuscarawas St., Canton, OH 44702. The phone number is 330-451-7931
 - Additional information is located in the FAQs available at <http://www.starkcountyohio.gov/domestic-violence/faqs> and <http://www.starkcountyohio.gov/common-pleas/civil-stalking-protection-orders-cspo>.
 - The college will enforce any temporary restraining order or other no contact order against the alleged perpetrator from a criminal, civil, or tribal court. Any student or employee who has a protection order or no contact order should notify the Title IX Coordinator and provide a copy of the restraining order so that it may be kept on file with the Aultman Security and can be enforced on campus, if necessary. Upon learning of any orders, the college will take all reasonable and legal action to implement the order.
 - The college does not issue legal orders of protection. However, as a matter of institutional policy, the college may impose a no-contact order between

individuals in appropriate circumstances. The college may also issue a “no trespass warning” if information available leads to a reasonable conclusion that an individual is likely to cause harm to any member of the campus community. A person found to be in violation of a No Trespass Warning may be arrested and criminally charged.

The college will provide written notification to victims about options for, and available assistance in, changing academic, living, transportation, and working situations. If victims request these accommodations and they are reasonably available, the college is obligated to provide them, regardless of whether the victim chooses to report the crime to campus security or local law enforcement. To request an accommodation contact the Title IX Coordinator, Lyn Sabino, at 330-363-4227 or 330-705-2819. The decision on accommodations will be made by the VP of Business and Student Affairs in collaboration with the Title IX Coordinator. Factors that will be considered in arranging for an accommodation include, but are not limited to, the specific need expressed by the complainant; the age of the parties involved; the severity or pervasiveness of the allegations; any continuing effects of the alleged offense on the complainant; whether the parties share common college facilities; and whether other judicial measures have been taken to protect the complainant. The college will maintain as confidential any accommodations or protective measures provided a victim to the extent that maintaining confidentiality would not impair the college’s ability to provide them. The college will inform the victim if it becomes necessary to disclose the accommodation or protective order in order to provide it, and will identify the information to be disclosed, to whom it will be disclosed and the reasons for the disclosure.

PROCEDURES FOR DISCIPLINARY ACTION

Allegations of domestic violence, dating violence, sexual assault, sexual violence, stalking (including cyber-stalking), sex discrimination, and sexual harassment, will be addressed by the college’s Title IX Policy: Sex Discrimination, Sexual Harassment, and Sexual Assault and processed through the procedures that accompany the policy. These procedures are used whenever a complaint is made, regardless of the status of the complainant and respondent.

The complaint resolution procedures are invoked once a report is made to:

Title IX Coordinator

Ms. Lyn Sabino
 Director Institutional Effectiveness and Compliance Officer
 Aultman Education Center, second floor
 Office Location: See receptionist in college main office
 Office direct phone line: 330.363.4227
 Email: Lyn.Sabino@aultman.com

Once a complaint is made, the Title IX Coordinator and/or designee(s) (“Investigating Officer”) will commence the investigatory process as soon as practicable, but not later than seven (7) days after the complaint is made. The Investigating Officer will analyze the complaint and notify the respondent that a

complaint has been filed. Informal resolution may be considered in certain circumstances if agreeable to both parties, but it will not be used in cases of sexual violence.

During a formal investigation, the complainant and respondent will each have an equal opportunity to describe the situation and present witnesses and other supporting evidence. The Investigating Officer will review the statements and evidence presented and may, depending on the circumstances, interview others with relevant knowledge, review documentary materials, and take any other appropriate action to gather and consider information relevant to the complaint. Upon completion of the investigation, the Investigating Officer will make a determination as to whether any allegations in the complaint were found to be substantiated by a preponderance of the evidence. The Investigating Officer will then prepare an investigation report outlining the findings and include, if necessary, sanctions or other remedial measures to impose. The parties will be given a written copy of the report within three (3) days of it being completed. The college strives to complete investigations of this nature within sixty (60) calendar days.

Both parties have an equal opportunity to appeal the determination by filing a written appeal with the President within ten (10) days of being notified of the outcome of the investigation. The President will resolve the appeal within fifteen (15) days of receiving it, and may take any and all actions that he/she determines to be in the interest of a fair and just decision.

There are special procedures when there is a complaint filed against the Title IX Coordinator or an administrator ranked higher than the Title IX Coordinator. In such situations, the President designates an investigator who will issue a report to the President for final determination. In addition, if the President is the subject of the complaint, the Board of Directors will appoint an investigator who will issue a report to the Board for final determination.

Principles Applicable to both the Student and Employee Disciplinary Procedures

Both the victim and the individual accused of the offense are entitled to:

- A prompt, fair and impartial investigation and resolution.
- Written notice of any extension of timeframes in the proceedings and the reason for it, which will only be for good cause.
- Proceedings conducted by officials who do not have a conflict of interest or bias for or against either the accused or the accuser and who at a minimum receive annual training on the issues related to domestic violence, dating violence, sexual assault and stalking and on how to conduct an investigation and hearing that protects the safety of victims and promotes accountability.
 - The Title IX Coordinator and Deputy Coordinators received Title IX Coordinator Investigator Training conducted by legal experts and addressing topics such as relevant evidence and how it should be used during a proceeding, proper techniques for questioning witnesses, basic procedural rules for conducting a proceeding, and avoiding actual and perceived conflicts of interest. In addition, they receive annual update training from legal experts as well as specialized training through community organizations that serve victims of sexual assault, domestic violence, etc.
- Timely and equal access to information that will be used after the fact-finding investigation but during informal and formal disciplinary meetings and hearings.
- Timely notice of meetings at which one or the other or both may be present.
- The same opportunities to have others present during any disciplinary hearing, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice. The college may not limit the choice of advisor, but may establish limits regarding the

extent to which that advisor may participate in the proceeding, as long as those limits apply equally to both parties.

- Have the outcome determined using a preponderance-of-the-evidence standard based on the totality of the evidence presented.
- Simultaneous, written notification of the results of the proceeding, any procedures for either party to appeal the result, any change to the result and when the result becomes final. For this purpose, “result” means “any initial, interim and final decision by an official or entity authorized to resolve disciplinary matters” and must include the rationale for reaching the result and any sanctions imposed.

Possible Sanctions or Protective Measures that the College May Impose for Domestic Violence, Dating Violence, Sexual Assault or Stalking Offenses:

Following a final determination in the college’s disciplinary proceeding that an offense involving domestic violence, dating violence, sexual assault, or stalking has been committed, the college may impose a penalty depending on the mitigating and aggravating circumstances involved. Potential student sanctions and employee sanctions are listed below.

- Student Sanctions
 - **Disciplinary Warning:** Verbal or written notice cautioning the student that his/her status as a student at the college is in jeopardy. The notice may include the loss of designated privileges and may counsel the student on the seriousness of the misconduct. Additional behavior of the same or similar type or misconduct of a different type will be cause for further disciplinary action by the college, up to and including dismissal.
 - **Disciplinary Probation:** Student status is in serious jeopardy with the college. The student’s behavior has raised serious questions about his/her continued status as a member of the college community. The student is given a specific period of time during which he/she is on disciplinary probation. During this time, the student must meet all terms and conditions of probation including maintaining appropriate standards of conduct; failure to meet probationary terms and conditions may lead to extended probation, suspension, or dismissal from the college. A student under disciplinary probation may not hold an office in any organization recognized by the college for the duration of the probation. Other terms and conditions of disciplinary probation may include but are not limited to the loss of designated privileges.
 - **Disciplinary Suspension:** Involuntary suspension of the student from the college for a period of time. Provisions for the student’s reinstatement will be provided in the sanction letter.
 - **Disciplinary Dismissal:** Involuntary and permanent termination of student status at the college.
 - **Interim Suspension:** A student is subject to immediate suspension by the student affairs administrator when, if the charged student remains on campus, his/her alleged serious misconduct may jeopardize or threaten the safety of the student him/herself, any other member of the college community, or institutional property.
- Employee Sanctions
Disciplinary procedures for Aultman College employees are specified in the Aultman Hospital Employee Handbook on pages 52-53: Aultman Hospital Employee Disciplinary Process and Rules of Conduct.

When disciplinary action is necessary, consideration will be given to the seriousness of the employee's behavior, offense, or violation; the previous conduct/disciplinary record of the employee; the employee's length of service; and any other relevant or extenuating circumstances.

Any course of action or activity by an employee, even if it is not expressly forbidden by any policy, practice or rule, which interferes with the orderly operation of Aultman, the safety of its patients, visitors, customers, employees or equipment, or is contrary to generally accepted standards of personal conduct or behavior, will be cause for disciplinary action up to and including termination of employment.

In addition, the college can make arrangements to enforce protective orders through actions that include such things as forbidding the accused from communicating with the victim, providing a security escort to and from parking areas, etc.

VICTIMS TO RECEIVE WRITTEN NOTIFICATION OF RIGHTS

When a student or employee reports to the college that he or she has been a victim of domestic violence, dating violence, sexual assault, or stalking, whether the offense occurred on or off campus, the college will provide the student or employee a written explanation of his or her rights and options as described in the paragraphs above.

ANNUAL DISCLOSURE OF CRIME STATISTICS

Campus crime, arrest, and referral statistics included in this annual security report come from those reported to Aultman Security, college campus security authorities, and the Canton City Police. Students may obtain a copy in the same manner and location.

In accordance with federal law, the college reports specific crimes, attempted crimes, and certain arrest and disciplinary referral statistics annually.

As required, the college compiles the following statistics of reported crimes using the FBI's Uniform Crime Reporting System definitions. According to federal law, incidents of liquor law violations, drug abuse violations, and illegal weapons possession violations referred for campus disciplinary action, regardless of outcome, are to be reported separately from liquor, drug abuse, and illegal weapons arrests in these statistics.

The requirement to track the offenses of dating violence, domestic violence and stalking did not go into effect until 2014, at which time institutions were required to make a good faith effort at collecting statistics for these crimes. Because of the way sex crimes are to be categorized beginning in 2015, there is no entry for "sex offenses-forcible" and sex-offenses non-forcible" for the year 2014. Beginning with that year, data is entered for the specific offenses of rape, fondling, statutory rape, and incest.

- The college does not have on-campus student housing facilities or non-campus buildings or property.
- **Hate Crime:** *A criminal offense committed against a person or property which is motivated, in whole or in part, by the offender's bias. Bias is a preformed negative opinion or attitude toward a group of persons based on their race, gender, religion, disability, sexual orientation, ethnicity, national origin, or gender identity. For purposes of this report, hate crimes include any of the above offenses, as well as the offenses of larceny-theft, simple assault, intimidation, and destruction/damage/vandalism of property, when they are motivated by bias. No hate crimes were reported for 2013, 2014, or 2015.*
- No crimes were determined to be "unfounded" by law enforcement officials and subsequently withheld from the crime statistics noted in the chart above.

UNIFORM CRIME REPORTING SYSTEM DEFINITIONS

In reporting crime statistics, colleges and universities are to use the following definitions from the Federal Bureau of Investigation's reporting system:

Murder and Non-Negligent Manslaughter: *The willful killing of one human being by another.*

Manslaughter by Negligence: *The killing of another person through gross negligence.*

Sex Offenses:

In previous reports sex offenses were classified as “sex offenses—forcible” and “sex offenses—non-forcible” with definitions as follows:

Sexual Offenses – Forcible: *Any sexual act directed against another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent (forcible rape, forcible sodomy, sexual assault with an object, forcible fondling).*

Sexual Offenses – Non-forcible: *Incidents of unlawful, non-forcible sexual intercourse (incest and statutory rape).*

New regulations applicable to this report now categorize the sex offenses as follows:

Rape: *The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.*

Fondling: *The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim.*

Incest: *Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.*

Statutory rape: *Sexual intercourse with a person who is under the statutory age of consent.*

Robbery: *Taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.*

Aggravated Assault: *Unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault is usually accompanied by the use of a weapon or by means likely to produce death or great bodily harm.*

Burglary: *Unlawful entry of a structure to commit a felony or theft.*

Motor Vehicle Theft: *Theft or attempted theft of a motor vehicle.*

Arson: *Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, or personal property of another.*

Domestic Violence: A felony or misdemeanor crime of violence committed by:

- a current or former spouse or intimate partner of the victim,
- a person with whom the victim shares a child in common,

- a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner,
- a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred or
- any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime occurred.

Dating Violence: Violence committed by a person

- who is or has been in a social relationship of a romantic or intimate nature with the victim; and
- where the existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the following factors:
 - the length of the relationship;
 - the type of relationship; and
 - the frequency of interaction between the persons involved in the relationship.

Stalking: Engaging in a course of conduct directed at a specific person that would cause a reasonable person to

- fear for his or her safety or the safety of others; or
- suffer substantial emotional distress.
