^{*}If you are interested in the Health Educator or Health Care Administrator concentration, there are additional course requirements.

Health Educator Concentration

Help others take control of their health in the fast-growing health educational field. As a health educator, you can make a difference in the world by teaching people about behaviors that promote wellness, as well as develop and implement programs to encourage healthy lifestyles, environments, and policies.

Employment opportunities for health educators exist throughout the country in places such as hospitals, physician offices, nonprofit organizations, and businesses.

At Aultman College, the health educator curriculum will give you a firm foundation in the behavioral/social, epidemiological, environmental, and biomedical sciences, as well as health administration and public policy.

The below courses are in addition to the BSHS curriculum.

	Course Subject and Title	Credit Hours
Health Educator Concentration Coursework		
HSC 119	Medical Language	2
HSC 135	Principles of Health Education	3

HSC 345	Health and Aging	3
HSC 360	Navigating the Health System	3
HSC 217	Quality Improvement in Healthcare	3
HSC 308	Management of Human Resources in Health Organizations	3
HSC 204	Medical/Legal Aspects of Healthcare	3
HSC 427	Mobile Health	3
HSC 317	Internet and Web Technology Applications for Healthcare	3

Healthcare Administration Concentration

An important member of the health care team is the manager who helps to set policy and coordinate the delivery of medical services.

Job opportunities are expanding nationwide for healthcare administrators, and the degree program at Aultman College will give you the foundation of knowledge to succeed in this role. You will learn about key areas such as accounting, budgeting, financial reporting, service programs, service coordination, developing policies and procedures, and more. You can also take part in an internship to complete your classroom education.

The below courses are in addition to the BSHS curriculum.
