

HEALTH SCIENCES

BACHELOR OF SCIENCE

About the Program

The bachelor of science in health sciences (BSHS) degree is a gateway to careers in health care services, outside of direct, hands-on patient care. The program will give you a firm foundation in the behavioral/social, epidemiological, environmental, and biomedical sciences, as well as health administration and public policy. There are opportunities for internships and individual study projects focused on your area of interest. You can also choose a concentration in health care administration or health education.

The Aultman Advantage

Our college's association with Aultman Hospital and Aultman Health Foundation gives you access to learn and intern in many different health-related organizations and in a variety of social and economic situations.

Career Pathways

The BSHS degree prepares students to work in a number of health care related positions not requiring a license: health care administrator, informatics, advocate/navigator, health educator, office manager, trainers, and non-profit professionals. Graduates may also choose to continue their education in a master's program.

Admission Requirements

- Graduating high school students must have a minimum 3.0 high school GPA (660 GED) or 20 ACT (1030 SAT).
- Transfer students must have 6 or more credit hours of college course work and a minimum GPA of 2.5 based on the most recent college transcript.

Application Process

Interested students will need to submit a completed application online at aultmancollege.edu, pay a \$45 application fee, and submit official high school and college transcripts.

Concentrations
Health Care Administration
Health Education

Full-time or part-time

Credit hours may be awarded for previous college-level work or an unencumbered license

Program admits fall and spring semesters. Check our website for application deadlines.

Approved by the Higher Learning Commission and Ohio Department of Higher Education

HEALTH SCIENCES

BACHELOR OF SCIENCE

Up to 60 credit hours toward this curriculum may be awarded for an unencumbered health care license **or** up to 40 credit hours may be awarded for previous college-level work.

Foundational Education Courses

PHL 104	Medical Ethics	3
ENG 105	College Composition I	3
SLS 106	Maximizing my Aultman Experience	1
ENG 107	College Composition II	3
PSY 111	Introduction to Psychology	3
HSC 115	US Healthcare Systems	3
SOC 121	Introduction to Sociology	3
COM 138	Professional Communication	3
MTH 205	Statistics	3
Foundational Education elective		3
Quantitative Reasoning elective		3
Human Experience elective		3
Natural Sciences sequence and electives		11
FOUNDATION EDUCATION TOTAL		45

Health Sciences Courses

HSC 119	Medical Language	2
HSC 130	Helping Skills	
or 201	or Health Informatics	3
HSC 223	Planning and Evaluation in Medical, Worksite and Community Settings	1
HSC 225	Internship in Health Sciences: Embedded	2-5
HSC 230	Research in Health	3
HSC 260	Leadership Skills	3
HSC 310	Cultural Competencies in Healthcare	3
HSC 320	Contemporary Concepts in Population Health	3
HSC 340	Internship in Health Sciences: Leadership	3-6
HSC 410	Program Surveys and Analysis	3
HSC 490	Capstone	6
MTH 210	Applied Statistics	3
PSC 305	Politics of Healthcare	3
SOC 333	Social and Behavior Theories of Public Health	3
HEALTH SCIENCE TOTAL		41-47
Elective Credits		28-34
TOTAL FOR DEGREE		120

Students may choose a concentration in health care administration or health education. This would help to fulfill the 28-34 elective credits required as part of the degree.

Health Care Administration Concentration

<i>Required</i>		
HSC 204	Medical/Legal Aspects of Health Care	3
HSC 308	Management of Human Resources in Health Organizations	3
HSC 355	Budgetary Analysis and Financial Decision Making	3
HSC 360	Navigating the Health System	3
HSC 458	Healthcare Accreditation	3
CSC 105	Introduction to Computers	3
<i>Electives (choose 14 credit hours from below)</i>		
HSC 217	Quality Improvement in Healthcare	3
HSC 307L	Electronic Health Record Configuration and Data Analysis: Lab	3
HSC 325	Community Health Systems	3
HSC 335	Individual Inquiry in Health Sciences	2-6
HSC 407	Public and Population Health Informatics	3
HSC 427	Mobile Health	3
HSC 454	Survey of Healthcare Organizations	3
BUS 2**	Business Statistics	3
ECN 225	Economics of Healthcare	3
SOC 305	Sociology of Health and Illness	3
SOC 337	Organizational Behavior	3

Health Education Concentration

<i>Required</i>		
HSC 135	Principles of Health Education	3
HSC 140	Health Promotion and Disease Prevention	3
HSC 325	Community Health Systems	3
HSC 390	Fostering Helping Behaviors in Disasters	3
CSC 105	Introduction to Computers	3
PSY 211	Human Growth and Development	3
<i>Electives (choose 3-9 credit hours from below)</i>		
HSC 204	Medical/Legal Aspects of Healthcare	3
HSC 217	Quality Improvement in Healthcare	3
