NURSING BACHELOR OF SCIENCE

About the Program

The bachelor of science in nursing (BSN) program is part of a 125-year tradition of excellence in nursing education at Aultman. The program combines classroom instruction; handson experiences in skills and simulation laboratories; and clinical placements in acute and long-term care settings to prepare you for the national licensing exam (NCLEX) to become a registered nurse (RN).

The Aultman Advantage

We have a "direct entry" BSN program, meaning students fully enter the program upon admission to the college. Other institutions require students to spend semesters as a "prenursing" major and then compete for a limited number of seats in order to finish the program and graduate.

Career Pathways

As an RN, you can work in a variety of clinical settings: hospitals, physician offices, clinics, surgery centers, and long-term care and rehabilitation facilities. Some nurses also choose to further their education to become nurse practitioners, nurse anesthetists, and nurse midwives.

Admission Requirements

- Students who are attending college for the first time must have a minimum:
 - 3.2 or higher high school GPA for **TEST OPTIONAL**
 - 3.0 high school GPA (660 GED) and a minimum 20 ACT (1030 SAT or ACCUPLACER Next Gen scores: Reading Comprehension of 250+ and a Quantitative Reasoning, Algebra and Statistics Score of 263+).
- Transfer students must have 6 or more credit hours of college course work and a minimum GPA of 2.7 based on the most recent college transcript.

Application Process

Interested students will need to submit a completed application online at *aultmancollege.edu* and submit official high school and college transcripts.

NURSING BACHELOR OF SCIENCE

Up to 40 credit hours toward this curriculum may be awarded for previous college-level work.

Foundational Education Courses

BIO 205	Anatomy and Physiology I	3
BIO 205L	Anatomy and Physiology I Lab	1
BIO 207	Anatomy and Physiology II	3
BIO 207L	Anatomy and Physiology II Lab	1
BIO 216	Microbiology for Health Sciences	3
BIO 215L	Microbiology Lab	1
