

TRANSFER CREDIT EQUIVALENCIES

This table summarizes those courses and exam scores most likely to transfer to Aultman College of Nursing and Health Sciences (ACNHS). * indicates a course offered in partnership with Walsh University. Upper level coursework beyond that listed below will be considered on an individual basis. All credits shown in parentheses are semester credit hours (e.g. (4) = 4 semester credit hours). Blank squares indicate no equivalent credit. Aultman College reserves the right to change/alter this document at any time. The most up to date version will be available on the College website: www.aultmancollege.edu. Please note that a Bachelor's Degree in a particular content area may negate the seven year limit on awarded transfer credit.
